You'll also learn about modern architecture and what's next for the region. Blazing a path that many young rising stars of Scandinavian architecture have followed, Saarinen shot to fame by winning a number of architectural competitions while still in his twenties. Initially working with two classmates from school (receiving their first commission before graduating) and later on his own, Saarinen became the leading practitioner of a new national style fusing traditional Finnish building forms with Art Nouveau. Modern log technology provides excellent opportunities for creating architecture in the Scandinavian style. Minimalistic log house designs are always in. The cornerstones of Scandinavian-style architecture. The climate in the Nordic countries is varied, ranging from the cold and dark wintertime to the mildly warm summertime filled with light. The harsh conditions have led to simplicity of form and function, to clean lines and stylish practicality – all the while keeping comfort in mind. These ideals are achieved by the innovative use of natural materials. Scandinavian architecture means. Integration with nature. Simplicity in design. Utilisation of natural light. Creative use of natural materials. Functionality and comfort.
