Reviews

Very beneficial to all of class of people. I am quite late in start reading this one, but better then never. You may like just how the writer create this publication.

-- Audra Klocko PhD

Thorough information! Its this type of great go through. It is amongst the most incredible publication i actually have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Germaine Welch

Gen combo corporate finance:core principles & applications; connect access card. Stephen Ross. 3.3 out of 5 stars 6. Hardcover. \$332.65. Corporate Finance (The McGraw-hill/Irwin Series in Finance, Insurance, and Real Estate). Stephen Ross. 4.0 out of 5 stars 63. Hardcover. \$138.48. He has a longstanding interest in both applied and theoretical issues in corporate finance and has extensive experience teaching all levels of corporate finance and financial management policy. STEPHEN A. ROSS Sloan School of Management, Massachusetts Institute of Technology Stephen A. Ross was the Franco Modigliani Professor of Finance and Economics at the Sloan School of Management, Massachusetts Institute of Technology. The core of the course is the analysis of capital budgeting, capital structure decisions and risk management. The capital budgeting topics will cover various techniques of evaluating and comparing projects. The capital structure topics will examine the choice of sources of finance for a firm; in particular, the choice between debt and equity financing and how does this relate to the firm's investment evaluation. 1 Introduction to corporate finance: overview of financial decisions, the notion of corporation. Introduction to financial analysis: financial statements and ratios. 2 Time value of money. 7 Risk Management Principles of Corporate Hedging and application to Foreign Exchange Risks Case 2 discussion. FX hedging at EADS. Principle of non-compensation: This principle states that no entity is to expect any compensation for providing full and accurate financial reporting. Principle of prudence: All reporting of financial data is to be factual, reasonable, and not speculative. Principle of regularity: This principle means that all accountants are to consistently abide by the GAAP. Principle of sincerity: Accountants should perform and report with basic honesty and accuracy.
