Â The offerings in "The Great Liberation" contain a path which is rich in the wealth of imagery and symbolism yet somehow free from the spiritual materialism which often taints "Best Practice" teachings. If you liked "Monkey Magic", you will adore the multiplicity of yarns about the life of Padma Sambhava. The Chinese appropriation of Tibet has caused much much misery and suffering. The Tibetan Book of the Great Liberation, which was unknown to the Western world until its first publication in 1954, speaks to the quintessence of the Supreme Path, or Mah=ay=ana, and fully reveals the yogic method of attaining Enlightenment. Such attainment can happen, as shown here, by means of knowing the One Mind, the cosmic All-Consciousness, without recourse to the postures, breathings, and other techniques associated with the lower yogas.Â Still more useful supplementary material will be found in the book's introductory remarks, by its editor Evans-Wentz and by the eminent psychoanalyst C. G. Jung.
