

ENVIRONMENTAL IMPACT ASSESSMENT METHODOLOGIES

Y. ANJANEYULU

KEY SELLING POINTS

- ◆ Caters to the needs of both postgraduate students studying Environmental Science/Engineering as special subject and practising EIA consultants and Environmental Managers in Industrial Regulatory Bodies.

BOOK INFORMATION

ISBN: 1 904798 039
Pub Date: November 2004
Format: Hardback
Extent: 376 pages

This book is structured into two parts. In the first part the first nine chapters deal with various components of EIA methodologies like identification, prediction and assessment of direct and indirect environmental impacts, while in chapter 10 environmental audit procedures are discussed.

In part two, guidelines for the preparation of EIA for various types of developmental projects are given so that it will be useful as a ready reference for practising Environmental Scientists and Engineers

Contents: Fundamental approach for Environmental Impact Assessment; EIA Methodologies; Assessment of Impacts on Developmental Activities and Land Use; Environmental Impact Assessment on Surface Water Environment; Prediction and Assessment of Impacts on Biological Environment; Prediction and Assessment of Impacts on air Environment; Prediction and Assessment of Impacts on Noise on the Environment; Assessment of Socio-Economic Impacts; Preparation of EIA for Some Typical Developmental Activity; Environmental Audit.

Environmental impact assessment methodology. Evaluation of impacts. Emergency situations impact assessment (risk analysis).
FINAL. Volume 3. Methodological Aspects of Environmental and Socio-Economic Impact Assessment. EXECUTIVE LIST. Skolsky V.Đ.
Namyatov Đ.A. Uvarov V.N. PART I General Director Senior Specialist Head of GIS and Database Department. Rudenko I.M. PART II
Head of Socio-Economic Issues and Legislation Analysis Department (Introduction, Sections 1-6 of the Methodology). Vassilevskaya
