ISBN: 0972291407

Heartland Reviews

As a retired military intelligence professional and conflict theorist, I must say this is the best interpretation of Sun Tzu's classic work I have read. The author focuses on the meanings behind this ancient Chinese war philosopher's writings. He puts them into a modern context, making them easy to understand. Apparently the Department of Defense agrees with me on this, since they have selected Mr. Cantrell's book as a text for the National War College in Washington DC. This is a must read for all military officers and business leaders. It rated a perfect five hearts.

Bob Spear – Publisher and Chief Reviewer

Description

Sun Tzu on the Art of War, an ancient Chinese treatise on military strategy, is now required reading at military, business, and law schools in the United States and around the world. Possibly no book in history better describes how to win conflicts in any profession. Those who practice conflict resolution frequently use Sun Tzu's philosophies as the cornerstone of their ways.

Understanding Sun Tzu on the Art of War explores the meaning of Sun Tzu's philosophies through the use of high impact case examples, most involving American or British military forces. While also presenting strategic tools for use in any professional conflict, this book never lets readers forget that the original Chinese text is about war. For those with an interest in current military events, this book provides fertile ground for discussion on coalition war methods and aims. For all professions, military or otherwise, this book gets to the heart of efficient conflict resolution theory. Topics discussed include:

INTRODUCTION – A brief history of *Sun Tzu on the Art of War* and the underlying Taoist philosophy from which it was written

WINNING WHOLE – How to win with your resources and your objective intact

LEADING TO ADVANTAGE – How to prepare and position your soldiers for victory

DECEPTION – How to keep your intentions secret from opponents

ENERGY – How to apply force effectively and efficiently

STRENGTHS & WEAKNESSES – How to find the best path to the goal

INITIATIVE – How to take and keep the advantage

SUN TZU ON THE ART OF WAR – A complete translation

CONCLUSION – Philosophical significance of *Sun Tzu on the Art of War* in conflict resolution

Reviewer's Choice Selection for Midwest Book Reviews

Robert L. Cantrell's Understanding Sun Tzu On The Art Of War contains both the complete translated text of Sun Tzu's enduring classic on battle strategy, and a modern-day interpretation packed with advice on leadership, learning to keep one's intentions a secret from one's opponents, leveraging advantages as the key to victory, and a great deal more. An excellent resource for anyone seeking self-improvement through internalizing Sun Tzu's wisdom, Understanding Sun Tzu on the Art of War is thoughtful and thought-provoking reading of the highest order.

Sun Tzu's The Art of War is one of the most influential books written on military strategy and philosophy. This is not confined to just Asians but Europeans and Americans alike have attempted to study The Art of War hoping its wisdom would be revealed to them. However, it is clear with how the western intergovernmental military alliance, known as NATO, has chosen to conduct itself since its inception in 1949, that western understanding of long-term military strategy has left much to be desired. And therefore, President Putin understands the most important lesson of all in this philosophy, that The Art of War is in fact The Art of Peace: The supreme art of war is to subdue the enemy without fighting. — Sun Tzu.
